

Malta: CLIL –

1st week: General English course – Improve your English at your level. English test prior to arrival to integrate into your level. Improve your grammar, speaking, listening, writing skills with different themes of general life, such as relationships, travel, work, politics, nature, sport and many other topics.

2nd week: CLIL: Content & Language Integrated Learning

The course, led by our in-house team of professional teachers, will endeavour to cater to each participant's needs. Although there is a planned course content, it aims not to be prescriptive but rather an organic forum for individual professional development; that is, we will deliver the course driven by its participants. As such, daily content may change or develop as you, your peers and the course leader decide on the best path.
