## New Creative Teaching

### The 21st Century Classroom: New Ideas for a New Era

#### Course Overview

In this course, we will re-evaluate the classroom experience for teachers and learners. We will look at the impact of the integration of new technologies, new practices in education, and the global pandemic on this era of education and begin to interrogate whether our current practice is meeting the challenges at hand.

#### Course Aims

The aim of this course is for each of the participants to have been guided through a process of principled reflection where they have engaged their critical enquiry regarding their own practice. In parallel to this their will the introduction and analysis of new technologies and practices in the classroom which the whole group will aim to contextualise and understand.

#### Who is this course suitable for?

This course is suitable for teachers at different levels of experience and competency, whether they are novice or expert, there will be something here to benefit them.

#### What is in this course?

This course will be a blend of workshops, presentations, and collaborative sessions. This course will work from teacher competency frameworks to look at the role of the teacher in the modern classroom. This course will seek to problematise certain issues in the modern classroom with the aim of collaboratively finding solutions.
